## Abstract

*In this article a survey is given of the research trends with regard to New Testament literature as perceived during two meetings of the Society of Biblical Literature. The article also proposes, taking these trends as starting point, avenues for the scholarship in South Africa, and especially at the Teologiese Skool Potchefstroom and in the Faculty of Theology of the Potchefstroom University for Christian Higher Education.*

## 1. INLEIDING

### 1.1 Oogmerk met hierdie artikel

Die oogmerk met hierdie artikel is enersyds om 'n oorsig te gee oor die tendense ten opsigte van navorsing met betrekking tot die Nuwe Testament-literatuur soos wat ek dit waargeneem het tydens twee byeenkomste van die Society of Biblical Literature, en andersyds om op grond van hierdie waargenome tendense te besin oor die navorsing op hierdie terrein hier ter lande, en veral aan die Teologiese Skool Potchefstroom en binne die Fakulteit Teologie van die PU vir CHO.

Daar is baie maniere om die 'state of the art' op 'n vakgebied te bepaal. Die wyse waarop ek dit in hierdie artikel doen, het sekere leemtes, waaronder die feit dat dit in sekere opsigte oppervlakkig is. Dit het egter ook bepaalde winspunte:

<sup>1</sup> Die 1990 Annual Meeting (17-20 November) in New Orleans (VSA), en die 1991 International Meeting (14-17 Julie) in Rome (Italië).

<sup>2</sup> Hierdie artikel is die neerslag van 'n referaat wat tydens 'n vergadering van die Gereformeerde Teologiese Vereniging van Potchefstroom op 11 November 1991 gehou is.

- Die konklusies waartoe geraak word, geskied op grond van die *huidige* navorsing, dit wil sê selfs voordat daar boeke oor die onderwerpe gepubliseer is. Dit is dus 'n effektiewe wyse van polshoogte neem.
- Indien my pleidooi op gunstige ore val, bied dit 'n effektiewe oorsig oor die moontlike terreine waarop Potchefstroomse Nuwe-Testamentici oor die nodige kundigheid beskik om 'n bydrae te lewer, of waar hulle met die minimum inset, die nodige kundigheid kan ontwikkel.
- Dit bied ook die nodige inligting om nagraadse studente se navorsing só te rig dat dit nie net vir ons Suid-Afrikaanse en kerklike situasie van belang is nie, maar tegelykertyd die derde vlieg tref, naamlik internasionale relevansie.

Hierdie oorsig kan dus vir kontinue navorsingsbeplanning van waarde wees.

## 1.2 Die *Society of Biblical Literature*

Die *Society of Biblical Literature* (SBL) het in 1880 in die VSA ontstaan as die *Society of Biblical Literature and Exegesis*. Die oogmerk van hierdie nie-politiese akademiese werkgemeenskap is om die kritiese ondersoek van klassieke en aanverwante literatuur te stimuleer deur middel van die uitruiling van gepubliseerde en mondeling gelewerde navorsingsresultate.

Die SBL poog om alle dissiplines en sub-dissiplines wat betrekking het op die interpretasie van die literatuur en godsdiens van die Antieke Nabre Ooste en die Middellandse See-gebiede te ondersteun. Hierdie dissiplines sluit byvoorbeeld in die bestudering van die antieke tale, tekskritiek, geskiedenis en argeologie.

Lidmaatskap van die SBL is oop vir enigiemand wat in die akademiese bestudering van die Bybelse literatuur belangstel. Daar is tans 'n rapsie oor die 5 000 lede, verteenwoordigend van meer as 50 lande.

Die SBL gee twee tydskrifte uit, naamlik *Journal of Biblical Literature* (JBL) (waarop die Jan Lion-Cachet Biblioteek ingeteken is) en *Semeia* (waarop die Biblioteek tans nie ingeteken is nie). Verder is daar meer as twaalf publikasiereekse, waarvan die volgende vir die Nuwe-Testamentiese wetenskap ter sake is (die redakteur word telkens in hakies vermeld):

- *Archaeology and Biblical Studies* (Philip J. King, Boston College)
- *Dissertation Series* (Pieme Perkins, Boston College)
- *Monograph Series* (Adela Yarbo Collins, University of Notre Dame)
- *New Testament in the Greek Fathers: Texts and Analyses* (Gordon D. Fee, Regent College Vancouver, British Columbia)
- *Resources for Biblical Study* (David E. Aune, Loyola University, Chicago)
- *Texts and translations:*
  - Greco-Roman Series* (Hans Dieter Betz, University of Chicago)
  - Pseudepigrapha Series* (James C. Vander Kam, North Carolina State University)
  - Early Christianity Series* (Harold W. Attridge, University of Notre Dame)
  - Christian Apocrypha Series* (Dennis R. MacDonald, Iliff School of Theology)

Die SBL het verder noue bande met Scholars Press, en het samewerking met Harper & Row.

Die aktiwiteite van die SBL kan in vier groepe verdeel word, naamlik *Sections*, *Groups*, *Seminars*, *Consultations*:

- *Sections* word in die lewe geroep vir hoofstrome van akademiese belangstellings. 'n Section word normaalweg vir 'n sesjaarperiode goedgekeur, met 'n voorsitter vir 'n driejaarperiode.
- *Groups* se aktiwiteite is meer gespesialiseerd as dié van *Sections*. Net groeplede neem deel, hoewel ander persone as waarnemers mag bly. 'n Groep word vir 'n tydperk van vyf jaar goedgekeur, met 'n voorsitter vir dieselfde tydperk.
- *Seminars* kom baie ooreen met *Groups*, behalwe dat die aktiwiteite gekoppel is aan 'n spesifieke publikasieprogram. Verder word referate nie gelewer nie, maar net bespreek.
- *Consultations* is die wyse waarop een van die bogenoemde drie 'n aanvang neem. Wanneer 'n groep persone 'n nuwe veld van ondersoek wil betree, word dit as 'n *consultation* voorgestel, en vir 'n tydperk van twee jaar goedgekeur. As daar genoeg lewenskrag en belangstelling is, word dit 'n section, 'n group, of 'n seminar.

### 1.3 Die aard van die bygewoonde byeenkomste van die SBL

Die twee byeenkomste wat ek meegemaak het, was die 1990 *Annual Meeting* (17-20 November) in New Orleans (VSA), en die 1991 *International Meeting* (14-17 Julie) in Rome (Italië).

Die internasionale kongres is bygewoon deur ongeveer 360 persone uit 40 lande. Die jaarlikse internasionale kongres is in sekere opsigte nog in sy kinderskoene-stadium. Dit was maar die negende sodanige byeenkoms. As 'n mens dit vergelyk met die jaar-

likse *national* kongres in die VSA, is die internasionale byeenkoms in vele opsigte maar 'n 'side show'. Die byeenkoms wat ek in die VSA bygewoon het, het oor die 6000 kongresgangers gehad en die program was 'n boek van 200 A4-bladsye. Tientalle sessies vind gelyktydig plaas, en 'n mens het dikwels 'n probleem om 'n keuse tussen die verskillende sessies te maak. In die toekoms sal ek veel meer prioriteit daaraan gee om die jaarlikse VSA-byeenkoms mee te maak.

Die president van die SBL was die afgelope paar jaar Walter Brueggemann (Columbia Theological Seminary), en van vanjaar af is dit Helmut Koester (Harvard Divinity School). Die voorsitter van die *Research and Publications Committee* is Gene M. Tucker (Candler School of Theology, Emory University). Die redakteur van die *Journal of Biblical Literature* is John J. Collins (University of Notre Dame), en dié van *Semeia* Robert C. Culley (McGill University, Montreal, Quebec).

#### 1.4 Die opset van hierdie artikel

Die volgende paar bladsye bied 'n oorsig oor die tipe onderwerpe wat tydens die kongres aan die orde was. Die betrokke referente word telkens in voetnote vermeld, sodat - indien dit nodig sou wees - met die betrokke persoon in verbinding getree kan word. Dié referate wat tydens die Rome-byeenkoms gelewer is, word as sodanig aangedui. Al die ander referate was tydens die byeenkoms in New Orleans gelewer.

Die kategorieë (*Section, Group, Seminar, Consultation*) word sover as moontlik behou, om 'n getrouer beeld van die aanpak en gerigtheid aan te bied.

### 23. ENKELE SLOTGEDAGTES

Die Potchefstroomse Nuwe-Testamentici het in sekere opsigte hulle teologiese kinderskoele ontgroei, wat onder ander daaraan gemeet kan word dat daar reeds 'n tweede geslag plaaslik-gepromoveerdes op die terrein van die Nuwe-Testamentiese Vakke is.

Dit het tyd geword dat die Potchefstroomse Nuwe-Testamentici strategieë uitwerk om die besondere van hulle eie teologiese tradisie ook op 'n internasionale forum soos dié van die *Society of Biblical Literature* te bemark. Die wins hiervan sal tweërlei wees:

- Hulle sal hoorbare akademies-wetenskaplike getuienis van die navorsing deur Gereformeerdes op grond van hulle Gereformeerde Skrifbeskouing kan lewer.
- Die eie navorsing kan met die insigte van elders verryk word, veral wanneer daar aan internasionale projekte meegewerk word.

Die Teologiese Skool Potchefstroom en die Fakulteit Teologie van die PU vir CHO - en die gepromoveerde van die PU vir CHO - het die verantwoordelikheid, veral teenoor predikante en voorname predikante, om wetenskaplike-akademies op die voorpunt van die tye te wees. Dit kan en moet gebeur sonder om ten opsigte van ons uitgangspunte te kompromitteer.

Juis hierdie verantwoordelikheid dring elke Nuwe-Testamentikus om só sy roeping in hierdie opsig na te kom, dat geen klag van *ghetto*-teologie met reg voor die deur gelê kan word nie.
